

College admits new students for 2017/2018 academic year

More than 600 new students were admitted at the University of Nairobi's College of Health Sciences for the 2017/2018 academic year.

The students who were admitted from 5th to 7th September, 2016 at Chiromo Campus will undertake various medicine degree programmes offered in five schools at the College.

The schools include; School of Medicine, School of Pharmacy, School of Dental Sciences and School of Public Health.

Lectures commence on 12th September, 2016.
