

UoN Council Members visit to CHS

Members of the University of Nairobi (UoN) Council visited the College of Health Sciences (CHS) on 17th August, 2016.

The members were being taken around UoN campuses to inspect the progress of various infrastructure projects being undertaken by the University.

On arrival at CHS, the members were received by the College Principal Prof. Isaac Kibwage together with other College management staff.

They visited new Pharmacy building that is still under construction. Upon completion, the building will host the School of Pharmacy.

They visited a lecture hall, laboratory, staff offices and washrooms located on different floors in the building, including the basement.

The facility will be used in training pharmacy students on medicine manufacturing process.
